score | Arabia Services

Facilities & Capabilities

Saudi Arabia (Dammam, Eastern Province)

Hands-on global engineering.

Score and AWJ Energy established Score Arabia Services to bring expert valve repair, valve training and valve diagnostic capabilities to companies working in the Saudi energy sector.

Score is the world's future-focused provider of advanced engineering technology services in the fields of valve and emissions management, gas turbines, surface technologies, energy, defence, aerospace and beyond.

IMPACT

40+
years of global expertise in operation

2000+
employees, worldwide

350+
apprentices, worldwide

130+
long-term global contracts in place

Who we are

Score Arabia Services, a joint venture between Score and AWJ Energy LLC, incorporated in 2017.

- State-of-the-art service facility located in Dammam, KSA. Opened in February 2019
- Facility is an Aramco qualified “Valve Service Shop” (July 2020) - Vendor ID 10065138
- Score Arabia Services has successfully passed Saudi Aramco’s Safety Prequalification (August 2022)
- 50% local Saudi workforce

Our capabilities

Valve management:

- Repair & recertification services
- Engineering services
- Specialist testing
- New supply
- Inventory, rationalisation & utilisation of valves
- In-country training
- Wellhead testing & repairs

On-site services:

- Flange management
- Pressure testing
- On-site machining & welding
- Emissions elimination management
- Wellhead maintenance & testing

TAR Management

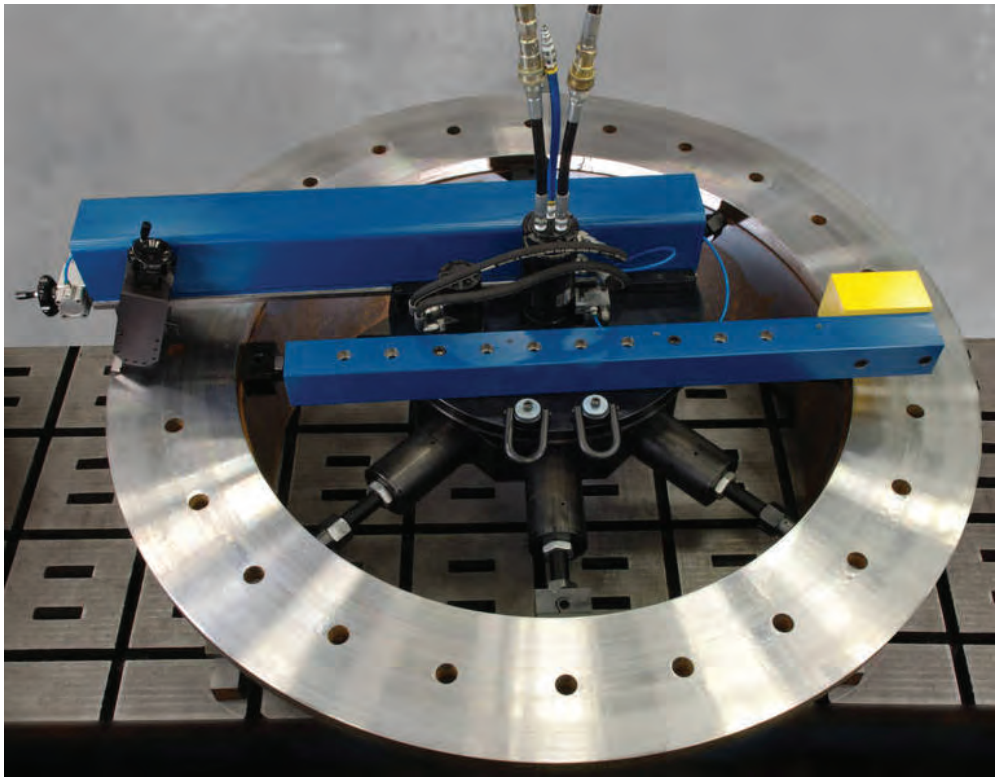
- ASSET management software support
- Pre-TAR survey predictive maintenance assessments
- Control valve diagnostics & PSV performance reviews
- Emissions leak detection & quantification
- Scope reduction & spares rationalisation
- Spares procurement, expediting & management
- Provision of specialised on-site mobile workshop containers
- On-site repair of isolation / NRV's valves LE packing upgrades & FE testing
- On-site control valve repairs & diagnostic reports
- On-site repair of PSV's & vacuum breakers
- On-site machining
- Shortfall replacement of all valves & actuators change out & flange management
- Close out report c/w certification & future recommendations

Global expertise and support

On June 14th, 2021, Saudi Aramco (MSSD) awarded a Long Form Contract to Score Arabia Services.

Pictures shown are examples of valves received for repair under this contract.

We offer in-house machining and welding services



The facility

Machining facilities

- Colchester Triumph 2000 centre lathe
- Colchester Mastiff 1400 centre lathe
- Webster & Bennett vertical borer
- Konda milling machine
- MECOF radial drill

Blasting facilities

- Spencer & Halstead rotary blaster
- Sand blaster

Pressure testing

- PSV testing cells >5800 PSI
- Separate gas & liquid
- Ventil test clamps
- Calder horizontal test clamps
- Hydrostatic test cell A >5700 PSI
- Hydrostatic test cell B >20000 PSI
- Full CCTV facilities with + three screens
- Submerged gas testing tank >20000 PS
- Nitrogen or nitrogen / helium

Other

- Paint bay
- 15t overhead crane
- Wash bay area: Capacity up to 60” bore size
- Welding

Pressure testing facilities

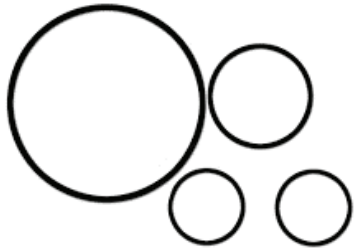
- PSV testing cells >5800 PSI
- Separate gas & liquid
- Ventil clamps

Spare parts

We can provide you with a range of spares to keep your operations moving.

Gaskets

Lip Seals



O-Rings

Packing

Bearings

Training programmes

Essential valve knowledge

- Level 1 - Introductory course (classroom based)
- Level 2 - Intensive course over 4 days (50% classroom & 50% workshop based)

Knowledge based training

- Control valves
- Actuators
- Pressure safety valves

Skill based training

- Plug valve maintenance
- Compression packing maintenance
- PSV inspection
- Valve survey

Others

- ECITB MJI 10,18, 10 & 19 training & associated testing
- Wellhead appreciation training

The Saudi solutions provider for all your valve needs.
